Steve's Gardening Service

676-9166,

www.stevesgardening.com

Fourth generation landscaper Steve Dewald wants to give you all of his attention. For that reason, Steve's Gardening Service only takes on one project at a time. From residential to commercial, modest to multi-million dollar, "the client gets 100 percent of our focus," Dewald says. The company's reputation for high-quality landscape transformations usually keeps it booked a couple months in advance.
